

# Get on the fast track to become a professional Automobile Technician

**The DIMO Automobile Training School is one of Sri Lanka's best equipped training institutes providing in-depth knowledge in the field of automobile engineering.**

The Automobile Technician Certificate Course at DATS provides students access to computerized facilities, state-of-the-art tools & equipment, comprehensive training in a fully modernized workshop and hands-on practical training using 3 modern Mercedes-Benz cars reserved exclusively for DATS training. Students will be awarded a globally accepted certificate in automobile engineering technology on completion of the 2 year course.

*With technical support from Mercedes-Benz Germany and over 7 decades of experience in handling all types of motor vehicles, DIMO provides automobile enthusiasts an inclusive learning experience at DATS, for a promising professional career in Automobile Engineering.*

**Interested applicants must have:**

- Completed G.C.E. O/Levels with at least B passes in Mathematics & English
- Completed G.C.E. A/Levels with a minimum two passes in Mathematics or Bio Science streams
- Be between 18 - 22 years of age as of 1st April 2012

**Please send in your CV to The General Manager - Human Resources on or before 5th March 2012, with 'DATS' mentioned on the top left corner of the envelope.**

**DIESEL & MOTOR ENGINEERING PLC**  
65, Jetawana Road, Colombo 14.
