

**DIMO**  
THE PERFECT PARTNER

# TOTAL LOW VOLTAGE POWER & CONTROL PANEL SOLUTIONS

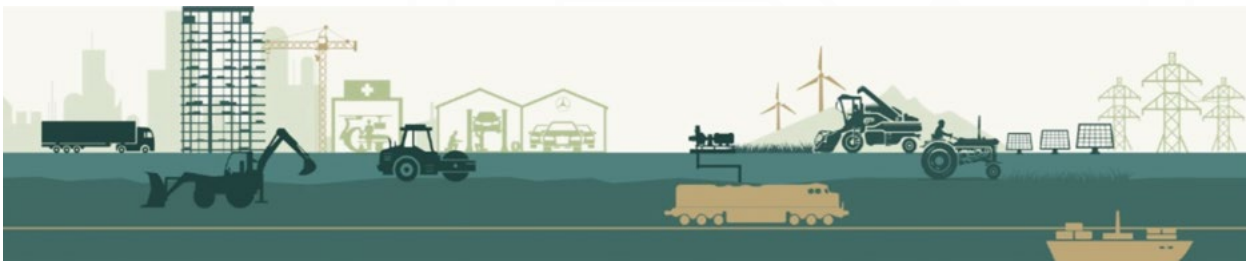

## DIMO at a Glance

For over 80 years, **DIMO** has built a solid reputation as a trustworthy and reliable provider of globally recognized brands with a large portfolio of impressive products and services. This has made us a key player in several of Sri Lanka's biggest transportation and infrastructure projects. Having introduced some of the world's biggest brands and newest technologies to the Sri Lankan market, we have also proven our skills and capabilities in successful business ventures beyond our shores.

USD 155Mn Revenue	USD 162Mn Asset Base	USD 75Mn Net Worth	1,801 Employees	Over 90 International Partners	Over 50 Own locations	1,500 Dealer & Distributor Network

## Business Segments

## Power Engineering

**DIMO Power Engineering** is a provider of integrated Power Generation, Transmission and Distribution, Renewable Energy, Micro Grids, Medium, Low & Extra Low Voltage Installations and Electrical Panel Building with turnkey solutions and life cycle services.

As the company with the greatest number of ongoing power projects in Sri Lanka, **DIMO** has enabled power utilities to elevate the power landscape of the country to the next level by making it more reliable, stable and energy efficient. **DIMO** has also taken its expertise beyond the island's shores by providing solutions for utility, industrial and private sector clients in the Maldives, Uganda and Myanmar.

## DIMO Electrical Solutions

**DIMO** is committed to provide complete Low Voltage (LV) turnkey electrical engineering solutions for our valued customers, with a comprehensive array of design, installation and testing services of electrical systems through our expertise and experience in the field of electrical engineering within the commercial and industrial sectors.

## DIMO LUMIN Low Voltage Power and Control Panel Solutions

**DIMO** has been providing Low Voltage Switchgear and Controlgear Solutions to large & medium scale projects across various sectors in Sri Lanka and overseas under the brand name **DIMO LUMIN**. Our own power panel manufacturing plant has been established in Weliveriya, to expand our operational capacity while adhering to the highest international standards.

Key features of **DIMO LUMIN** Panels

- Designed, constructed and tested to provide superior power distribution, power monitoring and control.
- Withstands the toughest environmental conditions and offers an extremely high level of reliability.
- Panel Solutions developed according to the latest international standards.
- Offers SMART solutions for the easy integration of electrical power distribution into digital channels.
- Intelligent communication, lighting control and power monitoring can be combined into one comprehensive solution providing the customer with the benefit of central access to all circuit protection and control devices.
- Offers maximum safety, optimum efficiency, flexibility, and seamless integration.

## Our End-To-End Solutions

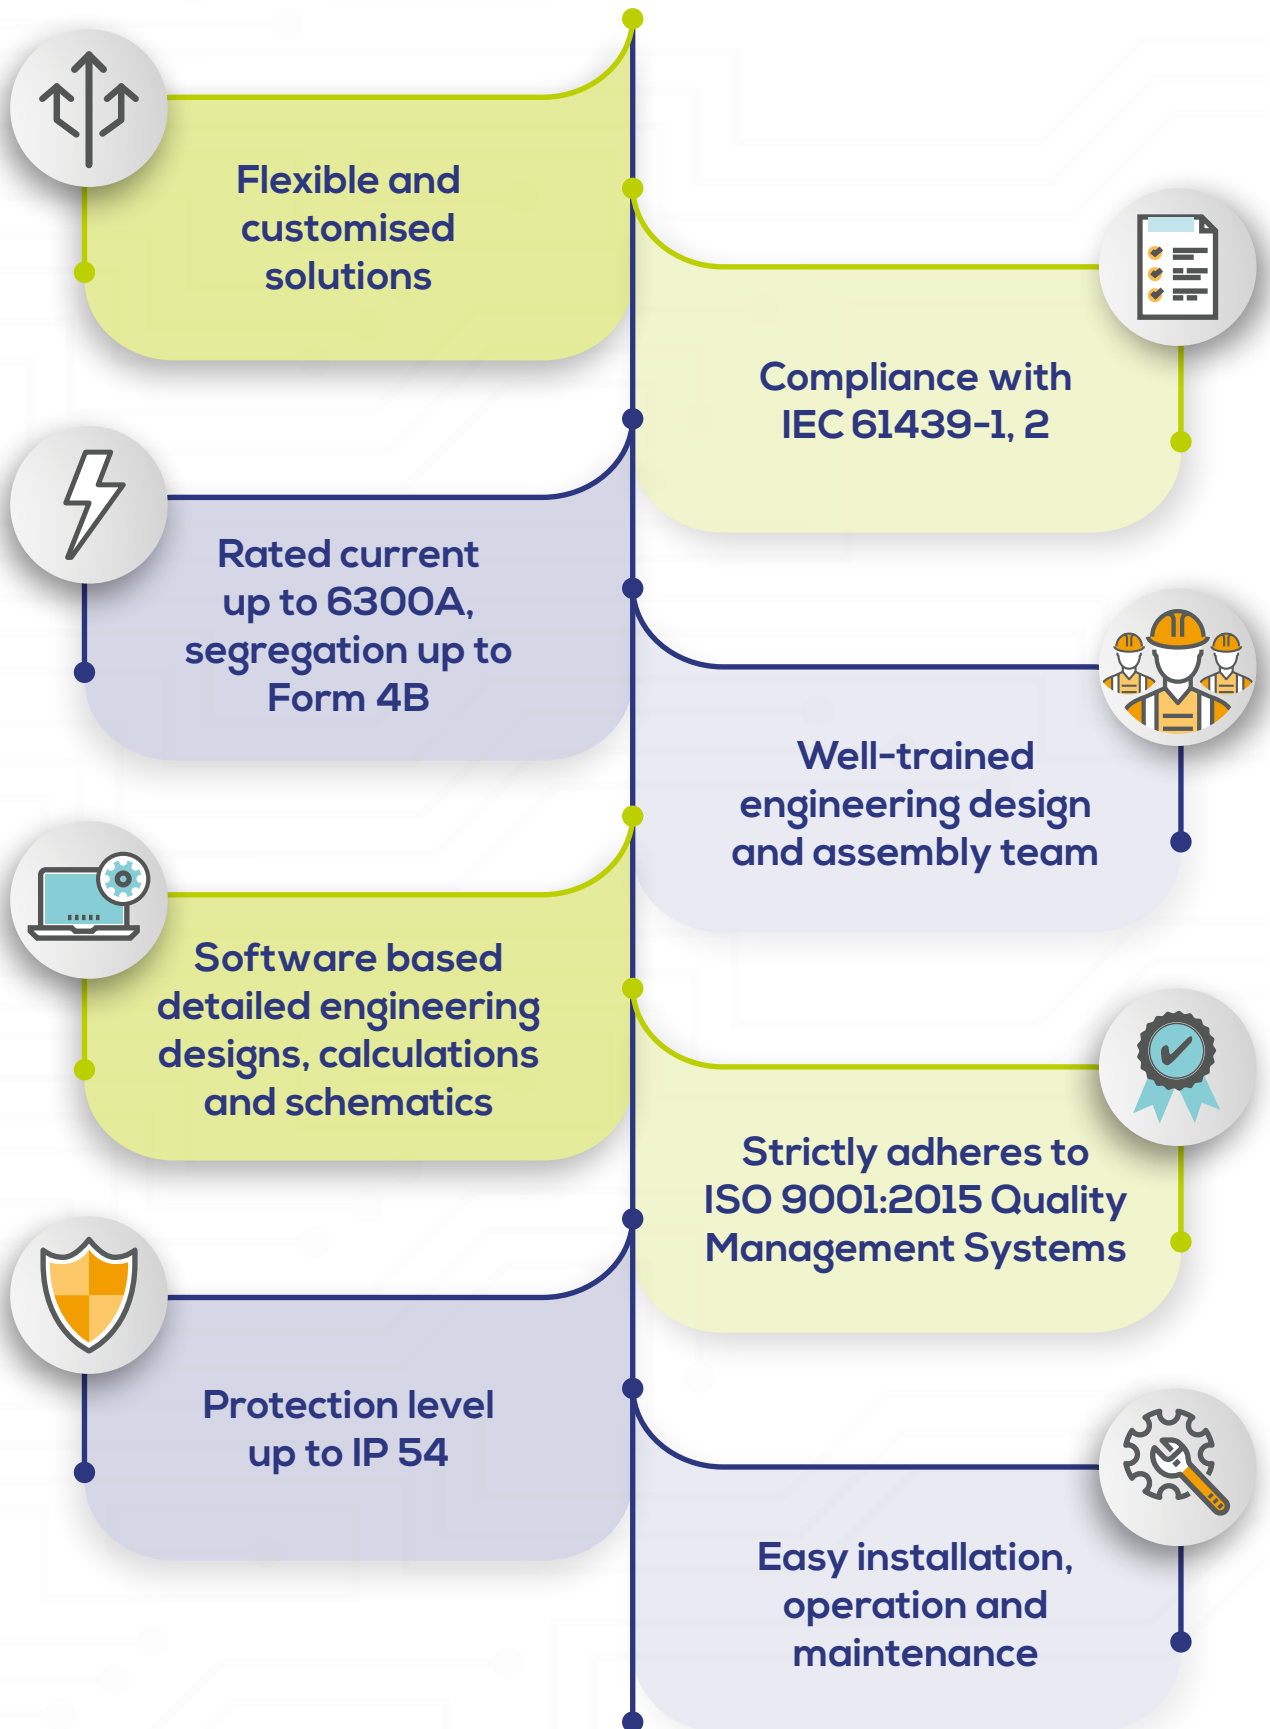

Our solutions are custom designed, client specific and energy efficient systems which are built to enhance client profitability while improving work conditions with no hindrance to required comfort levels.

Our in-depth knowledge of Engineering and unparalleled experience enable us to undertake virtually every application and any requirement.

Salient Features of DIMO Lumin Panels

## Best Engineered Solutions to Cater any Demand

**DIMO LUMIN Panels** are ready to cater to the demands of various industries by fulfilling them in the most professional & sustainable manner. The following illustrates the various industries that we represent currently. We are continually expanding into new areas on a regular basis.

Apartments/Condominiums

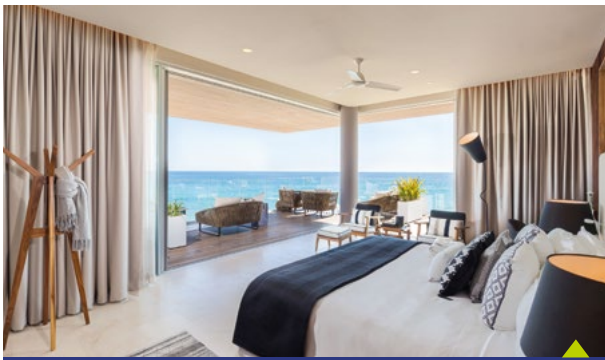

Industrial sector

Commercial sector

Healthcare sector

Hospitality sector

Water management sector

Power sector

Telecom industry & data centres

## Our Clientele

## Key Project References

**DIMO's** team of engineers are perfectly poised to undertake every stage of the Low Voltage Product solutions we offer. Our systems have been successfully implemented in medium to large scale projects some of which are mentioned below.

We work closely with our customers to deliver secure and comfortable environments to protect people, premises and assets, improving the economic operation of our customers' business by maximising energy efficiency and managing down risk.

Hutchison Telecommunications Lanka (Pvt) Ltd, Walpola

Siam City Cement Lanka (Pvt) Ltd, Galle

RIL Building, RIL Properties (Pvt) Ltd, Colombo 2

Brandix Apparel Solutions Ltd, Batticaloa

IMW Ground Mounted Solar PV System, Embilipitiya

Brandix Apparel Solutions Ltd, Rambukkana

Anasa Wellness Resort, Bandarawela

Causeway Paints Lanka (Pvt) Ltd, Panadura

Knowledge City, Malabe

### MANAGEMENT SYSTEM CERTIFICATE

Site certificate No.: 143999-2013-AE-IND-UKAS-CC1 Initial certification date: 24 February 2005 Valid: 30 December 2020 - 25 October 2022

Belongs to Central Office Certificate No.: 143999-2013-AE-IND-UKAS

This is to certify that the management system of **DIMO (Pvt) Ltd**  
DIMO (Pvt) Ltd, No.36, Kinsey Road, Colombo 08, 00800, Sri Lanka

has been found to conform to the Environmental Management System standard: **ISO 14001:2015**

This certificate is valid for the following scope:  
**Provision of solutions for power engineering, marine engineering, medical engineering, building technologies, elevators, escalators & services**  
**Sales and aftercare of medical equipment**  
**Sales of medical supplies**  
**Provision of solutions for civil engineering including mechanical, electrical & plumbing**  
**Design and manufacture of low voltage power & control panels**

Place and date:  
Chennai, Wed Dec 30 2020 00:00:00

For the Issuing Office:  
DNV GL - Business Assurance  
ROMA, No. 10, GST Road, Alandur,
