Content

GHG Inventory & Monitoring

GHG Inventory & Monitoring

Data Management, collection & Monitoring

- Business Level Data Collection
- Data Management Trainings

GHG Invenotry

- Inventory Validation - ISO 14064

Hotspot Identification

- Identify sources of high emissions

Target Setting

Target
Setting

Science-based Targets

- Corporate Near-term Targets -2030
- Net-zero Targets - 2050

2023/24
Baseline Year

Actions

Actions

Risk Mapping

Climate Related Risk & Opportunities Identification

- Mapping out opportunities
- Identifying Transition Risks
- Scenario Analysis
- Transition Plans with ROIs

Align with

Process Optimization &
Facility Modifications

Energy Auditing & Hotspot Identification

- Energy Management System (ISO 50001)
- Sensor Lights and Fittings

**Renewable Energy &
Energy Certificates (iRECs)**

Supply Chain Optimization

Value Chain Mapping

- Cluster wise mapping

Strategic Planning to Reduce Air Freights

Systematic Forecasting to Identify Demand Peaks to plan import & exports

Collaborative Approach

Fleet Electrification

- EV Awareness
- Only EVs/Hybrids purchases for all new purchases (passenger vehicles) - Directors
- Considering EV/Hybrid options for all internal vehicle purchases

Discounts/Offers for EV Vehicles/Parts

- Internal Customers
- External Customers

Transition

- EV Charging Stations - Every Branch

Electrification

Efficient Designing
& Construction

Net Zero Buildings

- Incorporating Green Building Concept for each new building
    - Energy Optimization
    - Natural Lighting

Awareness & Collaboration

Collaborative Approach

Employee Level

- Communication
  - Quizzes
  - Competitions
- Environment Performance Evaluation (Before & After)

Corporate-level Collaboration for Mitigation & Offsetting

- Supplier code of conduct & evaluation
- Communication with Principles
  - Identification of Sustainability Approaches of Principles
- Logistic Partners
  - Listing Down
  - Assessment Criteria
  - Auditing & Assessment

Monitoring & Decision Making

Monitoring &
Data
Driven Decision Making

## Data Visualization Through Dashboards

- Daily Data Inventorying & Monitoring
- Quarterly, bi-annual & annual reviews

Identifying Trends & Forecasting

- Identifying Global Trends & Best Practices

Reporting & Disclosures

Reporting
& Disclosures

Annual Emission Disclosures

- SBTi
- Annual Report
- Sustainability Report
