Attention to Detail, The Mercedes Way.  
Welcome to Mercedes-Benz Studio

# MercedesGlamour

From day-today driving to longest rides, your 'Star' collects dust particles, grime and unwanted residue that damages the clear coat of the Genuine Mercedes-Benz factory-condition paintwork. At Mercedes-Benz Studio, our professional Mercedes-Benz AG trained detailers take pride in looking after the aesthetics of your precious Mercedes-Benz, the Mercedes way, using Mercedes-Benz Genuine Car Care Products and Mercedes-Benz AG recommended Special Tools & Equipment.

# Star Glimmer

With varying weather conditions in this tropical island, your Three Pointed ‘Star’ gathers dust, mud and moisture in ‘tough to reach’ places in and around the vehicle, resulting in rusting the underbody and external engine components. That is why, a regular engine De-grease and an underbody wash is essential.

Many experience a low field of view while driving in the dark, due to hazy head lamps, which may result in road accidents at night.

When night time drives demand your headlamps to work at its highest potential, we at Mercedes-Benz Studio are ready to keep your three pointed star pristine while ensuring highest safety for your head lamps.

# Purify & Protect

It is important that the interior of your 'Star' is the cleanest, especially during a time of long-term parking. Untidy interiors carry the potential to cause health issues and a bad odour and an unpleasant interior surrounding for the passengers.

Mercedes-Benz Studio Detailing Experts can work their magic on your 'Star' and leave you with a fresh and protected interior!

# 'Star' Protection

It is the dream of every Mercedes-Benz owner to keep their prized possession encapsulated in the Mercedes-Benz factory paint condition. Even careful regular washing and waxing the paint may cause swirl marks, chips and stains on the paintwork as there is no body protection.

Having your precious Mercedes-Benz protected with a Nano Coating and/or Ceramic Coating will make a simple rinse of your 'Star' easier, and prevent damaging your Mercedes-Benz factory-condition paintwork which will keep your Three Pointed 'Star' fresh and protected for years to come.

Packages	Price (Rs.)+VAT
Mercedes-Benz Nano Topping   Nano Coating	90,000/-
Mercedes-Benz Ceramic Guard   Ceramic Coating	150,000/-
Mercedes-Benz Ceramic Care   Ceramic Coating Annual maintenance	1 year free additional panel 10,000/-
