## DIMO Powers ILM's Fleet Expansion with TATA SIGNA

DIMO successfully delivered 12 of the latest TATA SIGNA 5530.S Euro 6 Prime Movers to International Logistics & Movers (Pvt) Ltd (ILM), marking the nation's first major corporate fleet acquisition since the market reopened. With over 100 Prime Movers sold in the last financial year, this milestone reinforces DIMO's commitment to driving logistics excellence through Tata's superior engineering and unmatched after-sales support.

## DIMO Healthcare at the 20th Annual Academic Sessions

DIMO Healthcare, in collaboration with ZEISS Medical Technology, sponsored the 20th Annual Academic Sessions of The College of Otorhinolaryngologists and Head & Neck Surgeons of Sri Lanka, themed "Forging Ahead with a Strong Voice: Healthy Community." The event fostered collaboration and innovation, empowering professionals in otorhinolaryngology to enhance their expertise and improve patient care. Committed to advancing healthcare, DIMO Healthcare continues to support initiatives that promote medical excellence in Sri Lanka.

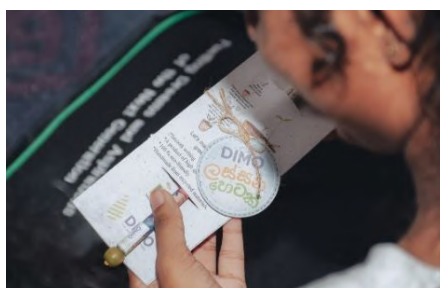

# Paving the Path to a Brighter Tomorrow Through Education

As part of its flagship sustainability initiative, **දිමො මාර්ග**, DIMO ensures equal access to learning resources. A key effort under this program, the Annual School Books Distribution, provides essential school supplies to students across Sri Lanka.

This year, DIMO extended its support to several communities:

- Shanmuganatha Maha Vidyalayam, Kayts - 42 students received school bags and stationery.
- Panama - 21 children received school bags and stationery.
- President's College, Kotahena - 111 students from Grade 1 to O/L were provided with school bags and stationery.
- Kanneliya - 17 children benefited from school bags and stationery.

Through these efforts, DIMO reaffirms its commitment to fuelling dreams and aspirations, empowering the next generation with the tools they need for a brighter future.

## DIMO Takes Part in CMTA Six-a-Side Cricket Tournament

DIMO participated in the recently concluded CMTA Six-A-Side Cricket Tournament held at the MCA Grounds, fielding two Men's Teams and one Women's Team. While none of the teams advanced to the Semi-Finals, a standout moment came as Satheeka Sanjeevani from the Women's Team clinched the award for the most sixes in the tournament (Ladies).

## Strengthening Ties with AHK Sri Lanka

Martin Klose, the new Chief Delegate of the Delegation of German Industry and Commerce in Sri Lanka (AHK Sri Lanka) recently paid a courtesy visit to Mr. Ranjith Pandithage. The discussion focused on strengthening collaborations and exploring future projects. Malintha Gajanayaka, Head of Corporate Affairs / Export Promotions at AHK Sri Lanka, was also present along with Ms. Dilrukshi Kurukulasuriya. DIMO is proud to be a Premium Platinum Partner of AHK Sri Lanka this partnership reinforces DIMO's commitment to representing leading German brands in Sri Lanka.

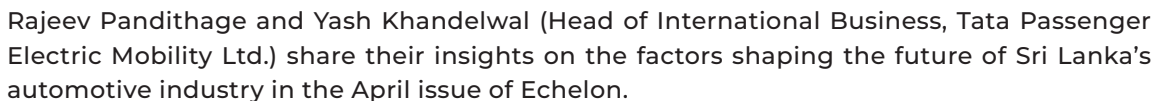

## Commencement of 5MW Solar Project in Puhulhena

The groundbreaking ceremony for the 5MW ground-mounted solar project in Puhulhena, Galle, marked a significant milestone in DIMO's renewable energy journey. Attended by Mr. Wijith Pushpawela and team members of DIMO Energy, this initiative represents Phase III of DIMO's 25MW solar power development. Scheduled for completion in September 2025, the project is expected to generate 9GWh of clean energy annually, contributing to a CO2 emission reduction of approximately 7,600 tons.

In alignment with DIMO's commitment to creating a positive impact on the community, an ambulance has been donated to Suwa Seriya to strengthen emergency medical services and enhance healthcare accessibility across Sri Lanka. This initiative reflects DIMO's dedication to Sustainable Development Goal 3: Good Health and Well-being, reinforcing its commitment to improving lives through meaningful contributions to the healthcare sector.

## Awareness on Advanced Power Tool Solutions Shared with Dockyard PLC

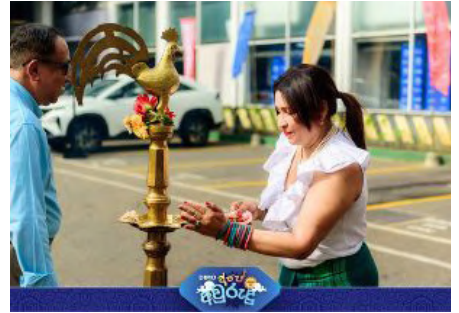

DIMO recently conducted an awareness session for the staff of Dockyard PLC, focusing on STANLEY and DEWALT power tools. The session included an introduction to DIMO and aimed to build product and brand awareness of STANLEY and DEWALT, highlighting their reliability, advanced features, and suitability for professional industrial use. Attendees gained valuable insights into the tools' performance, safety standards, and DIMO's commitment to delivering world-class solutions. The session was held at DIMO 800.

# DIMO ઢઢઢ ઢઢઢઢ - 2025

DIMO ઢઢઢ ઢઢઢઢ - 2025 took place as per tradition, bringing together the DIMO tribe for a vibrant celebration filled with fun, laughter, and cultural flair. From traditional games and colourful attire to delightful treats and heartfelt togetherness, the event was a true reflection of the festive spirit. As always, it was a joyful reminder of the values and unity cherished at DIMO.

## A Colourful Aurudu at DATS

Brimming with tradition and festive joy, the DATS Aurudu celebration in Weliweriya brought a splash of colour and culture. From lively games to traditional treats and cheerful moments shared among students and staff, the event beautifully captured the essence of the Sinhala and Tamil New Year.

## Commencement of 13MW solar project in Rathgama

The groundbreaking ceremony for the 13MW ground-mounted solar project in Rathgama, Galle, was recently held with the participation of Mr. Gahanath Pandithage, Mr. Wijith Pushpawela, and members of the DIMO Energy team. This milestone marks Phase IV of DIMO'S 30MW ground-mounted solar initiative. Scheduled for completion by September 2025, the project is expected to generate approximately 24GWh of power annually, significantly reducing CO2 emissions by around 20,000 tons upon completion.

## DIMO Renews Platinum Partnership with AICPA & CIMA for 2025

DIMO has renewed its status as a Platinum Corporate Partner of AICPA & CIMA for 2025, reaffirming commitment to professional excellence. This partnership reflects its continued support for strategic collaboration, innovation, and the development of future finance leaders in alignment with CIMA's global standards.

## බලාපොරොත්තුවට දැක්ම

DIMO proudly partnered as the Platinum Sponsor for “බලාපොරොත්තුවට දැක්ම” (A Hand for Hope), a student-led project by SLIIT - Kandy Campus. The initiative supported the Jayawickrama Children's Home in Kandy, with DIMO contributing to the renovation of the children's study room. DIMO's support included repainting, repairing study tables, and setting up a mini library. The refurbished space was officially handed over on 9th April 2025, reflecting DIMO's commitment to uplifting communities and fuelling dreams and aspirations.

## DIMO Powers Innovation with FalconE Racing Sponsorship

In line with our commitment to fostering engineering excellence and supporting local innovation, DIMO proudly partnered with FalconE Racing-Sri Lanka's pioneering Formula Electric Car team from the University of Moratuwa. Through this sponsorship, we equipped the team with a range of premium power tools, directly enhancing their dedicated engineering workspace, the FalconE Room. This initiative marks another milestone in DIMO's journey of empowering the next generation of engineers and innovators.

## OHS Excellence Boosted with Expert-Led Training

DIMO recently conducted an insightful awareness and internal auditing program on the Occupational Health and Safety (OHS) Management System, designed to refresh knowledge and strengthen auditing capabilities across the organization. Held on April 10, 2025, the session was facilitated by Mr. Rohitha Wickramasinghe, Lead Auditor from Control Union. A diverse group of 32 participants from DIMO Pvt. Ltd., DATS, DIMO Agribusinesses, Workshops, and Support Services took part in the interactive training. The program provided valuable insights into OHS standards and practices, and all participants were awarded certificates upon successful completion.

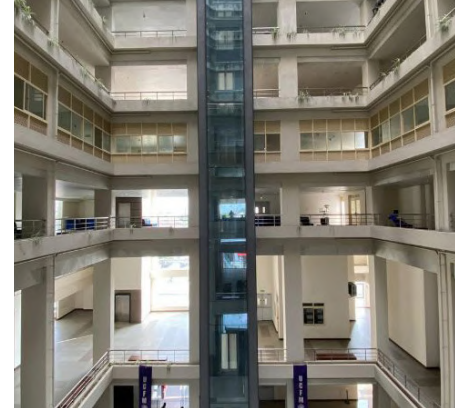

## Elevator Installation at Faculty of Medicine, University of Colombo

The Pre-Clinical Department of the Faculty of Medicine, University of Colombo, recently saw the completion of an elevator installation project comprising seven units-four bed lifts, two passenger lifts, and one fully glass-type observation passenger lift. Each elevator was selected to meet the functional needs of a demanding academic and healthcare environment.

This development enhances accessibility and operational efficiency within the department, enabling the smooth movement of students, faculty, equipment, and patients. It also contributes to a more modern and inclusive educational setting, supporting the academic journey of future medical professionals.

## DIMO Hands Over Kalmar DCU80 to IWS Logistics

DIMO successfully handed over a state-of-the-art Kalmar DCU80 Empty Container Handler to IWS Logistics (Private) Limited, one of Sri Lanka's foremost private container depot operators. The Kalmar DCU80, renowned for its best-in-class fuel efficiency, smart hydraulics, and robust chassis, is designed to perform in demanding environments. The handover took place on 24th April 2025.

Its capability to stack up to six empty containers high enables operators to maximize yard space and enhance overall operational productivity. This delivery marks the beginning of a valued partnership with IWS Logistics and reflects DIMO's commitment to delivering reliable material handling solutions.

## Empowering Education & Well-being at Galenbindunuwewa Primary School

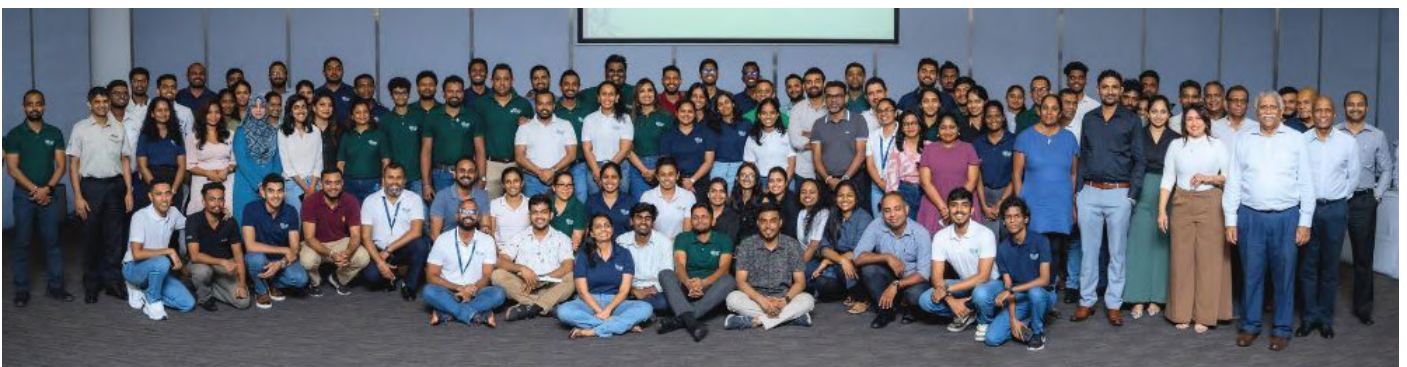

The construction of the pavilion (open theatre) at Galenbindunuwewa Primary (Model) School was successfully completed on 23rd April 2025. This initiative, carried out as part of DIMO's CSR and sustainability efforts, aims to enhance educational infrastructure in rural communities.

The event saw the participation of over 300 individuals, including DIMO representatives and two representatives from dealer AVP Motors. The school community-including the principal, teachers, parents, and students-also took part in the occasion, which featured student performances. To support student health and well-being, 25 water dispensers- one for each classroom-were donated to address the school's need for clean drinking water.

## Making a Difference: Three Years of Growth

DIMO Nature Club celebrated its 3rd anniversary on April 4th, 2025, honouring the dedication of DIMO Tribe volunteers towards biodiversity conservation and community wellbeing. The event recognized 27 outstanding members for their consistent contributions throughout the year, including their active involvement in conducting school programs in English, Sinhala, and Tamil, making a meaningful impact on environmental awareness and community education. The guest speaker was Prof. Sewandi Jayakodi, a conservationist and echinodermologist from Sri Lanka, who is a senior lecturer in the Department of Aquaculture & Fisheries at the Wayamba University of Sri Lanka.

# DIMO-MTU Technical Forum - 2025

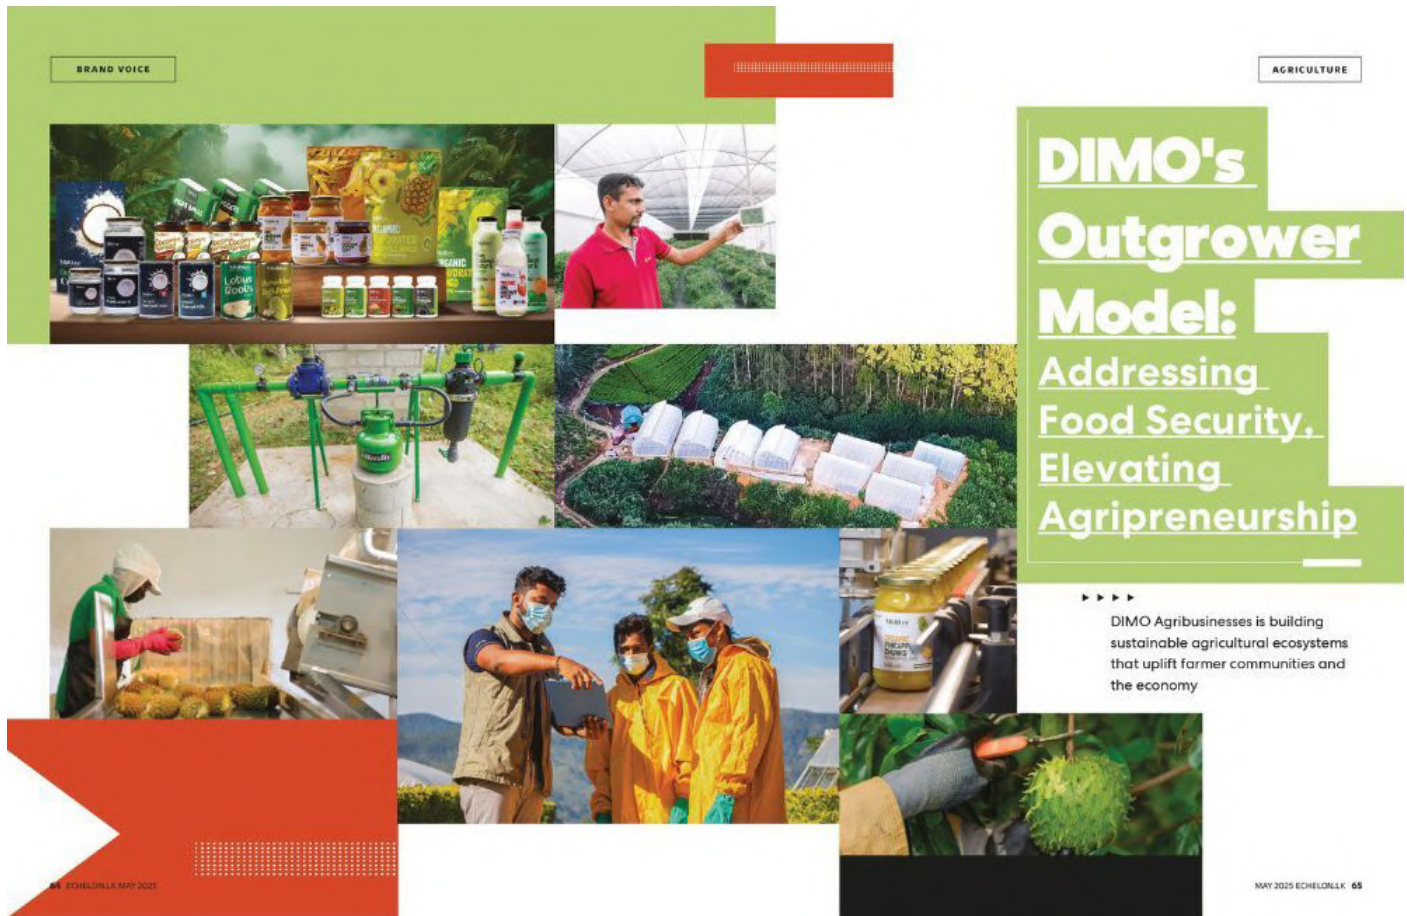

DIMO, as a trailblazer in Sri Lanka's engineering and mobility landscape, in collaboration with MTU - a Rolls-Royce Power Systems brand - proudly hosted the DIMO-MTU Technical Forum 2025 on 25th April at the Cinnamon Life Hotel, Colombo. The event marked the celebration of a partnership spanning over 35 years, built on shared values of innovation, performance, and trust. The forum brought together a distinguished audience of industry leaders, customers, and government stakeholders. Among the attendees were Mr. Ranjith Pandithage, Mr. Gahanath Pandithage and members of the Group Management Committee, alongside MTU principals Ms. Gan Yien Yien, Director - Parts & Logistics (Asia), and Mr. Gopal Nadaraj, Senior Executive - Service Sales (Asia).

Key customers from the Sri Lanka Navy and Sri Lanka Railways were present, joined by senior officials from the Sri Lanka Army, Air Force, Police, and other public and private institutions. The event was further honoured by the presence of Mr. Sampath Thuyacontha, Secretary of Defence, and Mr. Ravi Seneviratne, Secretary of Public Security. The highlights of the evening included presentations outlining MTU's current and future operations, followed by a technical session that explored MTU's extensive contributions and operational presence in Sri Lanka and the Maldives. The DIMO-MTU Technical Forum 2025 concluded with an evening of fellowship and networking, further strengthening the longstanding relationship between DIMO, MTU, and its valued partners.

# DIMO's Outgrower Model: Addressing Food Security, Elevating Agripreneurship

DIMO's Outgrower Model was featured in the May edition of Echelon, showcasing its commitment to driving agricultural growth and food security in Sri Lanka through empowering local agripreneurs.

## Guiding the Next Generation of Automotive Experts

A group of 30 students enrolled in the Motor Mechanic course at the Polgolla National Youth Service Council recently participated in an educational visit to several DIMO facilities. The students had the opportunity to explore the DIMO Academy for Technical Skills, the Tata Workshop in Siyambalape, and the Mercedes-Benz Workshop. The visit provided them with valuable exposure to real-world workshop operations and technical insights, enhancing their understanding of modern automotive practices and technologies. This experience played a key role in bridging academic learning with practical industry applications, supporting their journey toward becoming skilled professionals in the automotive sector.

## Spreading Light and Joy this Vesak

DIMO celebrated the spirit of Vesak with a heartwarming series of events that fostered unity and reflection. The celebration featured a soulful Vesak Bathi Gee session, a vibrant Vesak Lantern Competition showcasing employee creativity, and a heartfelt Dansala that embodied the true spirit of giving. The celebration beautifully captured the essence of Vesak through moments of culture, compassion, and togetherness.

## DIMO Shines in Regional Mercedes-Benz Service Awards

DIMO, the Exclusive Authorized General Distributor for Mercedes-Benz in Sri Lanka, won the prestigious “General Distributor Award” at the Mercedes-Benz Service Excellence - Regional Awards, outperforming peers in Southeast Asia. This accolade reaffirms DIMO's 85+ year legacy in automotive excellence and its unwavering commitment to Mercedes-Benz AG's global service standards.

DIMO also celebrated Abilash Sriynkaran's recognition as the “Top Service Adviser - Sri Lanka,” further reinforcing the company's leadership in aftersales expertise. DIMO achieved high performance across key KPIs including Customer Satisfaction Index (CSI), Net Promoter Score (NPS), and Service Quality Audits, underscoring its technical capabilities and customer-centric approach. Despite vehicle import restrictions, DIMO expanded aftersales services, offering specialized service packages, advanced diagnostics, and initiatives like the Mercedes-Benz Flying Doctor program. With state-of-the-art facilities, island-wide roadside assistance, and premium lounges, DIMO continues to deliver a luxury service experience.

# THF supports University of Peradeniya Students

In response to the growing demand in both export and local markets for electrolyte drinks, a collaborative product development initiative was launched in partnership with the University of Peradeniya, Faculty of Agriculture, Department of Food Science and Technology. This initiative not only addressed market needs but also created valuable research opportunities for undergraduates.

A research project focused on developing a carbohydrate-based electrolyte drink—designed to help replenish energy and electrolytes after intense physical activity—was entrusted to a selected undergraduate student. The project was supported and supervised by both an internal university academic and Tropical Health Food (Pvt) Ltd, who also provided raw materials, access to processing and testing facilities, and guidance as the external supervisor. This innovative beverage is expected to be introduced to the market soon via the Agri Experience Centre under the FLAVA brand. Marking a significant milestone, the research findings have been internationally recognized and published in the Food Agricultural Sciences and Technology International Journal (Thailand), which is indexed in the Thai Journal Citation Index Center (TCI), EBSCO Open Research, and DOAJ.

## Development of a fruit-based carbohydrate-electrolyte drink and evaluation of its' physicochemical and sensory properties

K.H.M.L.S. Ketakumbura<sup>1</sup>, E.R.J. Samarakoon<sup>2\*</sup> and K.P.D.A. Pathirage<sup>2</sup>

<sup>1</sup> Department of Food Science and Technology, Faculty of Agriculture, University of Peradeniya, Sri Lanka.  
<sup>2</sup> Tropical Health Food (Pvt) Limited, (A DIMO Group Company), Heraliyawala Industrial Park, Maikaduwawa, Kurunegala, Sri Lanka.  
\* Corresponding author: rasanjalis@agri.pdn.ac.lk

**Abstract** - Carbohydrate-electrolyte drinks (CEDs) are formulated to help maintain hydration during physical activity. This study aimed to develop a natural CED and evaluate its physicochemical, sensory, and microbiological properties. King coconut water, sweet orange juice, and water were used as the main ingredients. Three formulations (F1-F3) were developed by varying the proportions of king coconut water and added water, while other ingredient levels remained constant. Total sugar contents in F1-F3 were 86.84 ± 3.60, 91.47 ± 2.08, and 99.29 ± 1.86 g/L, respectively, and sodium contents were 446.33 ± 7.51, 446.33 ± 7.51, and 481.00 ± 13.00 mg/L, respectively—compliant with Standard 2.6.2 of the Australia New Zealand Food Standards Code for non-alcoholic beverages. Titratable acidity and ascorbic acid ranged from 0.55 ± 0.04 to 0.60 ± 0.04% and 147.07 ± 6.37 to 165.45 ± 19.10 mg/100g, respectively, with pH values near 3. Sensory evaluation indicated that formulation F2 had the most commercial potential. Proximate composition of F2 revealed 93.3% moisture, 6.5% carbohydrates, and 0.1% protein and ash; fat and crude fiber were not detected. The energy content was approximately 26.4 kcal/100 mL. Microbiological analysis confirmed compliance with safety standards, validating the effectiveness of pasteurization at 90 °C for 15 min. Heat treatment significantly affected ascorbic acid content, pH, total soluble solids, reducing sugars, and sodium content.

## DIMO Nature Club Explores Madu River and KSTCP

DIMO Nature Club recently organized a memorable field visit to the Madu River and the Kosgoda Sea Turtle Conservation Project (KSTCP), with the participation of 27 members. During the visit, members enjoyed a boat safari and explored the rich biodiversity of the Madu River ecosystem, as well as witnessed the traditional cinnamon industry in the area. At the Kosgoda Sea Turtle Hatchery, participants gained valuable insights into the importance of ex-situ conservation efforts and the critical role turtles play in maintaining healthy ecosystems.

## Champions of the CIPM Great HR Debate 2025

DIMO emerged victorious at the grand finale of the CIPM Great HR Debate 2025, clinching the title after a gripping rematch against Hemas Hospitals. In this intercorporate competition, DIMO showcased exceptional teamwork and resilience, overcoming tough contenders like Dialog, Gamma Pizzakraft Lanka (Pvt) Ltd, Sampath Bank PLC, and Commercial Bank of Ceylon PLC. The victory was further elevated with Ajmal Hussain and Anuk Munasinghe from DIMO being jointly awarded the Best Debater title, marking a proud moment for the entire team and reinforcing DIMO's commitment to excellence in the HR arena.

## DIMO Healthcare Installs State-of-the-art Gamma Camera at LRH

DIMO Healthcare has successfully installed a state-of-the-art Gamma Camera at Lady Ridgeway Children's Hospital, marking a significant advancement in paediatric healthcare capabilities in the region. This specialized imaging equipment is designed to capture detailed images of organ functionality, providing medical professionals with crucial diagnostic information for young patients. The camera's exceptional image quality ensures precise medical assessments, while its compact design makes it an ideal fit for the hospital. This installation will enhance the hospital's ability to deliver comprehensive diagnostic services to children, supporting better treatment outcomes and strengthening the facility's role as a leading paediatric care centre in the area.

## “ නැණ පවුර ” Inspires Young Technical Minds

The “ නැණ පවුර ” program, a technical training initiative by the DIMO Agri Machinery Division, was successfully conducted on the 26th and 27th of May at CGTTI - Anamaduwa (Ceylon German Technical Training Institute). This program is focused on educating students about Tractors, Harvesters, and other modern farming equipment, aiming to inspire and equip the next generation of technical talent. Over 120 students participated in this engaging two-day session, gaining valuable hands-on exposure and knowledge from industry experts. The program marked a meaningful step in DIMO's continued commitment to agricultural innovation and youth empowerment.

## CINEC Automobile Engineering Students Gain Practical Exposure at Mercedes-Benz Facility

A group of BSc Automobile Engineering students from CINEC University visited the DIMO 800 Mercedes-Benz Centre as part of their academic engagement initiative. The session was addressed by senior technical staff, who guided the students through the facility's safety practices, tools and equipment used, documentation and management processes, and repair and servicing procedures. The visit, held on 27th May 2025, offered the students valuable practical insights, enhancing their understanding of automotive engineering concepts and bridging the gap between theory and real-world application. The experience was well received and marked a meaningful addition to their academic journey.

## DIMO Healthcare Leads the Way in Liver Health Innovation with FibroScan Installation

DIMO Healthcare has installed the Echosens FibroScan Expert 630 at Hemas Hospital Wattala, marking a groundbreaking milestone in Sri Lankan healthcare as the first device of its kind in the country. This cutting-edge equipment significantly enhances the hospital's liver health unit by providing the global gold standard for liver health assessment. The FibroScan Expert 630 enables healthcare professionals to conduct comprehensive, non-invasive liver evaluations in under four minutes, dramatically improving the patient experience by eliminating the need for more invasive diagnostic procedures. The technology is extensively supported by robust research and clinical studies, ensuring reliable and accurate results for medical decision-making.

# LMD June: From Skills to Socioeconomic Change

The LMD June issue features an insightful conversation with Ms. Dilrukshi Kurukulasuriya on how vocational education plays a critical role in catering to demands of the evolving economy.

Scan the QR code to read the full article

## Training Session at Veyangoda Vocational Centre

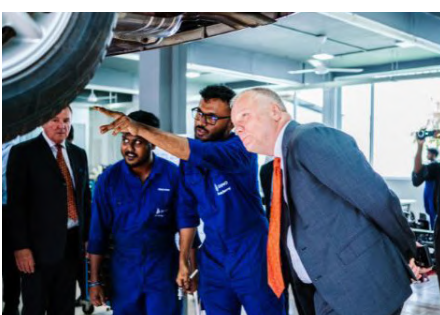

Stanley, DeWalt, and WD-40 divisions recently joined hands to deliver a comprehensive training session at the Vocational Training Centre in Veyangoda, benefiting 45 enthusiastic students. The session combined product demonstrations, technical training, and hands-on experiences, offering students a deeper understanding of tool functionalities and real-world applications. Participants from diverse vocational streams including Automobile, Aluminium Work, and Electrics, actively engaged in the program, which significantly enriched their practical knowledge and industry readiness. The initiative stands as a testament to DIMO's commitment to empowering future tradespeople with essential skills and exposure.

# DIMO Academy Expands Horizons with New Peliyagoda Facility

DIMO Academy marked a major milestone with its relocation to Peliyagoda, celebrating the opening of its new facility on June 9th, 2025. The event was graced by Mr. Ranjith Pandithage, Mr. Gahanath Pandithage, members of the GMC, members of the Board of Directors, valued partners, distinguished guests, and DIMO tribe members. Hon. Prime Minister Dr. Harini Amarasuriya extended her warm wishes, applauding DIMO's commitment to empowering future talent. The new facility promises expanded programs, greater opportunities, and a brighter future for vocational education in Sri Lanka.

## Elevating Customer Care This Yala Season with “LOVOL සේවා සහකාරය”

The “LOVOL සේවා සහකාරය” campaign is currently being rolled out as an extensive customer engagement initiative for the Yala 2025 season. The campaign involves door-to-door visits to existing LOVOL harvester owners, offering free machine inspections to ensure optimal performance during the harvesting period. A special warranty has been launched for rubber tracks, with carefully selected brands tailored to different field conditions and customer applications. In addition, customers who purchase LOVOL harvesters during this season are eligible for a raffle draw, **එළු මහා තිබ්බ**, where five winners will receive a DIMO Batta vehicle-adding further value to the seasonal offer. This initiative is expected to boost brand visibility, increase customer confidence, and drive new business opportunities within the agricultural sector.

## Showcasing Pharmaceutical Expertise at Paediatric Congress

DIMO took part in the 27th Annual Scientific Congress of the Sri Lanka College of Paediatricians, showcasing its comprehensive pharmaceutical product range to a distinguished gathering of healthcare professionals. The event created a platform for valuable discussions on the evolving needs of paediatric care across the country. These engagements further strengthened DIMO's commitment to supporting healthcare excellence and improving paediatric outcomes for children and families in Sri Lanka.

# ZEISS Collaborates with DIMO Healthcare at Colombo Retina Meeting 2025

DIMO Healthcare proudly served as the gold sponsor of the 14th Colombo Retina Meeting, held under the theme Expanding Possibilities. Partnering with ZEISS, DIMO showcased advanced ophthalmic technologies available to healthcare professionals across the country. The event created a valuable platform for engaging discussions on the latest innovations by ZEISS and their role in addressing the evolving needs of the eye care sector. This collaboration reflects DIMO's continued commitment to enhancing ophthalmic care in Sri Lanka and supporting better patient outcomes.

## Promoting Environmental Awareness and Engagement Through Interactive Activities

DIMO celebrated World Environment Day 2025 with an engaging event themed #BeatPlasticPollution. Ms. Dilrukshi Kurukulasuriya delivered the welcome address, setting the tone for a session highlighting DIMO's ongoing environmental initiatives. Representatives from key projects such as Life to Our Forests Kanneliya, Life to Our National Parks Lunugamwehera, the Mangrove Restoration Project Galle, and the Marine Turtle Conservation Project Panama shared impactful progress updates. A live exhibit on snake species raised biodiversity awareness, and fruit plants were gifted to participants, reinforcing DIMO's commitment to a greener future.

### Quiz Competition

In celebration of the occasion, the Compliance and HR teams jointly organized a quiz competition featuring five rounds on DIMO's Environmental Management System, local and global environmental practices, sports and entertainment, current affairs, and technology trends. Twenty teams from various locations enthusiastically participated, fostering knowledge and engagement on environmental and general topics.

### Championship League

- 1st Place | Wild Horsepower - Shehan Amaratunga & Team
- 2nd Place | The Carbon Crushers - Themiya Abeysinghe & Team
- 3rd Place | The Aquaholics - Vidusha Wickramasinghe & Team

### Team Silver League

- 1st Place | Eco Titans - Ihsan Murad & Team
- 2nd Place | Safety Guardians - Isuru Samarawickrama & Team
- 3rd Place | The Green Minds - Tharindu Dilshan & Team

### Field Visit to Insee Processing Plant

Aligned with the World Environment Day initiatives, the DIMO Compliance team organized an awareness field visit to the Katunayake Insee Processing Plant for EHS committee members. The visit offered firsthand insight into the plant's hazardous waste disposal processes and operations. EHS representatives from workshops, stores, procurement, and other support services participated, strengthening their understanding of environmental health and safety practices.

## Mee Tree Plantation Enhances Environment at Siyambalape Workshop

In a significant move towards environmental sustainability, a plantation of native Mee trees (*Madhuca longifolia*) was established near the Herbal Place Garden in the Siyambalape Workshop area. Known for its ecological and medicinal value, the Mee tree supports biodiversity, enhances air quality, and contributes to soil conservation. This initiative also promotes traditional herbal practices and sustainability by nurturing indigenous flora. The plantation enriches the environment while serving as a valuable resource for community education and environmental stewardship.

## Ms Dilrukshi Kurukulasuriya Honoured for HR Excellence

Ms Dilrukshi Kurukulasuriya has been awarded the Excellence in Human Resources Management Award at the Global CEO Top Businesswomen Awards 2025. This prestigious international accolade recognizes influential female leaders making a significant impact across industries. Ms Dilrukshi's strategic leadership in human resources, focus on talent development, and commitment to organizational growth have set a benchmark in the industry. A truly well-deserved honor that reflects her unwavering dedication and continued excellence at DIMO and beyond.

## Strengthening Partnerships to Drive Greater Value for Customers

In a strategic move to enhance access to finance for its valued customers, DIMO has recently signed Memorandum of Understanding (MoUs) with several leading banks and financial institutions in Sri Lanka. These partnerships—with Bank of Ceylon (BOC), Central Finance, LOLC, HNB, Singer Finance, Union Bank, and Commercial Bank—are designed to broaden DIMO's value-added offerings and deliver more convenient and rewarding ownership experiences to customers.

Under the new agreements, customers financing their Ace HT2 (DIMO Batta) or Xenon Yodha vehicles through Central Finance or BOC will receive complimentary insurance cover until 31 August 2025. All customers will also benefit from 24-hour roadside assistance and assured after-sales services, reinforcing DIMO's commitment to peace of mind and long-term service excellence. The partnerships introduce flexible financing solutions featuring attractive interest rates and affordable monthly instalments, while HNB Leasing clients will enjoy a Prestige Prime Credit Card with the first-year annual fee waived. Together, these initiatives underscore DIMO's dedication to providing a seamless, professional, value-driven customer journey, strengthening its role as Sri Lanka's trusted mobility partner.

# Empowering Local Authorities in Ampara with Mahindra Yuvo Tech Plus Tractors

In a noteworthy initiative aimed at enhancing local infrastructure and service delivery, six MAHINDRA YUVO TECH PLUS 2WD tractors were officially handed over to the local authorities of Pottuvil, Irakkamam, and Sammanthurai in the Ampara District. These tractors were procured through a competitive tender process by DIMO Agri Machinery under the Local Government Support Project, funded by the World Bank and the European Union.

The project is spearheaded by the Ministry of Provincial Councils and Local Government and implemented through the Commissioner of Local Government, Eastern Province, along with the Assistant Commissioner of Local Government, Ampara. The tractors were formally presented to the respective local authority representatives during an official handover ceremony. To ensure the tractors are utilized to their full potential, DIMO Agri Machinery also facilitated a comprehensive technical session for officers and technical staff from local authorities across the Ampara District. The session focused on the optimal usage and maintenance of the Mahindra tractors, reinforcing DIMO's continued commitment to delivering excellence beyond the sale.
